¹ Under Listing Rule 4.7.3, an entity must lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

² "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

³ Mark whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where the entity's corporate governance statement can be found.

1 INTRODUCTION

At Iluka, our purpose, our core, our direction and our values are outlined in The Iluka Plan. The Iluka Plan was introduced to the business in early 2018 and is the reference point that guides our strategic and business decisions. Iluka's culture and values as outlined in The Iluka Plan are aligned with and support good governance practices. In developing our corporate governance framework the Board of Iluka Resources Limited considers the standards of corporate governance applicable in each of the countries in which we operate.

As a listed entity, Iluka must comply with Australian laws including the *Corporations Act 2001* (Cth) (**Corporations Act**) and the Australian Securities Exchange Listing Rules (**ASX Listing Rules**). Under ASX Listing Rule 4.10.3, ASX listed entities are required to benchmark their corporate governance practices against the 3rd edition of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (**ASX Principles**). The ASX Recommendations are available at www.asx.com.au. The Board considers Iluka complies with all relevant ASX Principles. Our compliance is set out in the Appendix 4G available on the governance page of Iluka's website, www.iluka.com.

The Board is committed to conducting Iluka's business in accordance with the highest standards of corporate governance to deliver sustainable value for Iluka's shareholders. The Board has established a corporate governance framework, including corporate governance policies, procedures, charters and codes to support this commitment. The framework is reviewed regularly and revised in response to changes in law, developments in corporate governance and changes to Iluka's business. This Corporate Governance Statement (**Statement**) reports on the corporate governance framework and practices adopted by Iluka.

Copies of Iluka's policies, procedures, charters and codes are available on the governance page of Iluka's website, and are signposted throughout this document where relevant.

2 ILUKA'S BOARD OF DIRECTORS

Iluka's Board currently comprises seven directors, six of whom are independent, non-executive directors. Iluka appointed Rob Cole as an independent non-executive Director with effect from 1 March 2018.

The Board is committed to ongoing improvement of its governance practices. This year a number of improvements to the Board's work and effectiveness were implemented including:

- implementing recommendations arising from the 2017 external review of the performance of the Board and Board committees
- reviewing the director induction programme to ensure new directors receive training, tailored to their areas of expertise and interests, throughout the initial year of appointment;
- undertaking additional scrutiny and screening of board candidates prior to appointment;
- improving the quality of reporting to the Board by providing training to management on drafting effective board papers; and
- reviewing key findings of the APRA Inquiry into the Commonwealth Bank of Australia and comparing the findings with Iluka's governance processes to identify potential gaps and guide future actions for Iluka's governance framework.

The Board has increased its focus on environmental, social and governance issues by considering these in some detail at each meeting. Additional sessions with external presenters in relation to climate change and human rights have also been held.

In addition to the Board's scheduled meetings, all members of the Board visited Iluka's operations at Cataby, Eneabba and Narngulu (Western Australia). Some members of the Board visited Sierra Leone, Jacinth Ambrosia (South Australia) and Capel (Western Australia). A site visit to Jacinth Ambrosia (South Australia) for all directors is planned for 2019.

2.1 Role of the Board

Relevant policies and charters:

- Company Constitution
- Board Charter
- Audit and Risk Committee Charter
- Nominations and Governance Committee Charter
- People and Performance Committee Charter

The Board Charter sets out the Board's role, powers and duties and establishes the functions reserved for the Board and those which are delegated to management. The Board is responsible for the overall corporate governance of Iluka including approving and overseeing Iluka's strategic direction, strategies and financial objectives, assessing the performance of management and reporting on Iluka's performance. The Board delegates to the Managing Director and senior management matters involving the implementation of corporate strategy and management of Iluka's day-to-day activities.

The following table sets out the matters which are expressly reserved to the Board and those, which are delegated to management under the Board Charter.

The Board is responsible for:

- appointing and removing the Managing Director, determining his or her remuneration and terms and conditions of employment, and assessing the performance of the Managing Director and, through him or her, members of the Executive;
- approving the strategic direction, strategies and financial objectives of Iluka and ensuring appropriate resources are available;
- monitoring the implementation of those policies and strategies and the achievement of those financial objectives;
- reporting to shareholders and the investment community on the performance and state of Iluka; and
- monitoring and guiding the culture, reputation and standards of conduct of Iluka.

Responsibilities delegated by the Board to management:

- conducting the day-to-day operations of Iluka.

For personal use only

2.2 Role of the Company Secretary

The Company Secretary is accountable directly to the Board through the Chairman on all matters to do with the proper functioning of the Board. The Board Charter confirms that all directors have direct access to the Company Secretary. The Company Secretary is responsible for:

- advising the Board on corporate governance matters;
- managing the company secretarial function;
- attending all Board and Board committee meetings and taking minutes; and
- communicating with the ASX.

2.3 Board Composition, election and re-election

The Board, together with the Nominations and Governance Committee, determines the size and composition of the Board in accordance with Iluka's Constitution and Board Charter, which provides that the Board must comprise a minimum of three and a maximum of 10 directors.

Following the appointment of Mr Cole as a director with effect from 1 March 2018, the Board comprises seven directors: six independent non-executive directors and the Managing Director. The Chairman is an independent non-executive director and is not the same person as the Managing Director of Iluka.

The directors of the Company during 2018:

Under Iluka's constitution, with the exception of the Managing Director, directors may not hold office without re-election beyond the third Annual General Meeting following their election or most recent re-election. When a director candidate stands for election or re-election at a meeting of shareholders, Iluka provides shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect that director in the relevant Notice of Meeting.

Board skills / experience matrix

2.5 Board Diversity

The Board considers that the current directors have a broad range of skills, expertise and experience from a diverse range of backgrounds to discharge their responsibilities and for the effective governance, oversight and strategic leadership of Iluka as a publicly listed global resources company. The Board represents different nationalities and backgrounds and includes two female directors. The average age of directors is approximately 60 years, with the age of directors on the Board ranging between 55 and 70 years. Further details regarding director experience and tenure are set out in the 2018 Annual Report.

The Board and the Nominations and Governance Committee will continue to monitor the diversity, skills and experience of the Board to identify opportunities for director training and development and to identify gaps that may be addressed through future Board appointments.

2.6 Independence of directors

The Board recognises the importance of ensuring that directors are free from interests and relationships that might, or might reasonably be perceived to, materially influence a director’s capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of Iluka and its shareholders generally.

Accordingly, the Board has adopted guidelines, set out in the Board Charter, which are used to determine the independence of directors and which reflect the definition of independence listed in Box 2.3 of the ASX Principles.

For personal use only

In accordance with these guidelines, the Board generally considers a director to be independent if he or she is not a member of management and:

- is not a substantial shareholder of Iluka or an officer of, or otherwise associated with, a substantial shareholder of Iluka;
- is not employed, or been previously employed, in an executive capacity by Iluka or another Group member, or where they were previously employed in such a capacity, there has been a period of at least three years between ceasing such employment and serving on the Board;
- is not, and has not been within the last three years a partner, director or senior employee of a provider of material professional services to Iluka or another Group member;
- is not, and has not been within the last three years, in a material business relationship (e.g. as a supplier or customer) with Iluka or another Group member, or an officer of, or otherwise associated with, someone with such a relationship;
- has no material contractual relationship with Iluka or another Group member other than as a director of Iluka;
- does not have close family ties with any person who falls within any of the categories described above;
- has not served on the Board for a period that his or her independence may have been compromised; and
- is free from any interest, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect his or her capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of Iluka and its shareholders generally.

The Board considers the materiality of a director's interests, position, association or relationship on a case-by-case basis, having regard to both quantitative and qualitative principles. Having considered all relevant relationships currently existing, the Board has determined that there are no relationships which fall into this category.

The Board also has regard to length of tenure when assessing whether a director is, or continues to be, independent. The Board considers Iluka's shareholders are well served by having directors with a deep understanding of Iluka and its business, counterbalanced with directors with a shorter tenure to provide fresh ideas and new perspectives.

The length of tenure of the non-executive directors ranges between 1 and 11 years with approximately 5 years being the average tenure. Article 12.1 of the Board Charter provides that the preferred limit of service by a director of the Company is 10 years, unless otherwise requested by the Board to continue. Jenny Seabrook joined the Board on 1 May 2008. In accordance with Article 12.1, the Board requested that Jenny Seabrook continue as a director of Iluka until her current term expires in 2020, allowing for a replacement director to be appointed who can take over from her as Chair of the Audit and Risk Committee.

The Board is satisfied that the length of tenure of its directors does not call into question their independence.

Directors also have an ongoing responsibility to disclose any actual or potential transactions or interests that may create a conflict of interest. They may also be required to take steps to remove any conflict of interest. If a director cannot or will not remove a conflict of interest, then the director must be absent from the room when discussion and/or voting occurs on matters to which the conflict relates.

For personal use only

The Board has reviewed the independence of its directors and considers that the Chairman and each non-executive director are independent.

2.7 Access to independent advice

Under the Board Charter, directors may seek independent professional advice at Iluka’s expense on any matter connected with the discharge of their responsibilities with the prior written approval of the Chairman.

2.8 Access to Board materials and information

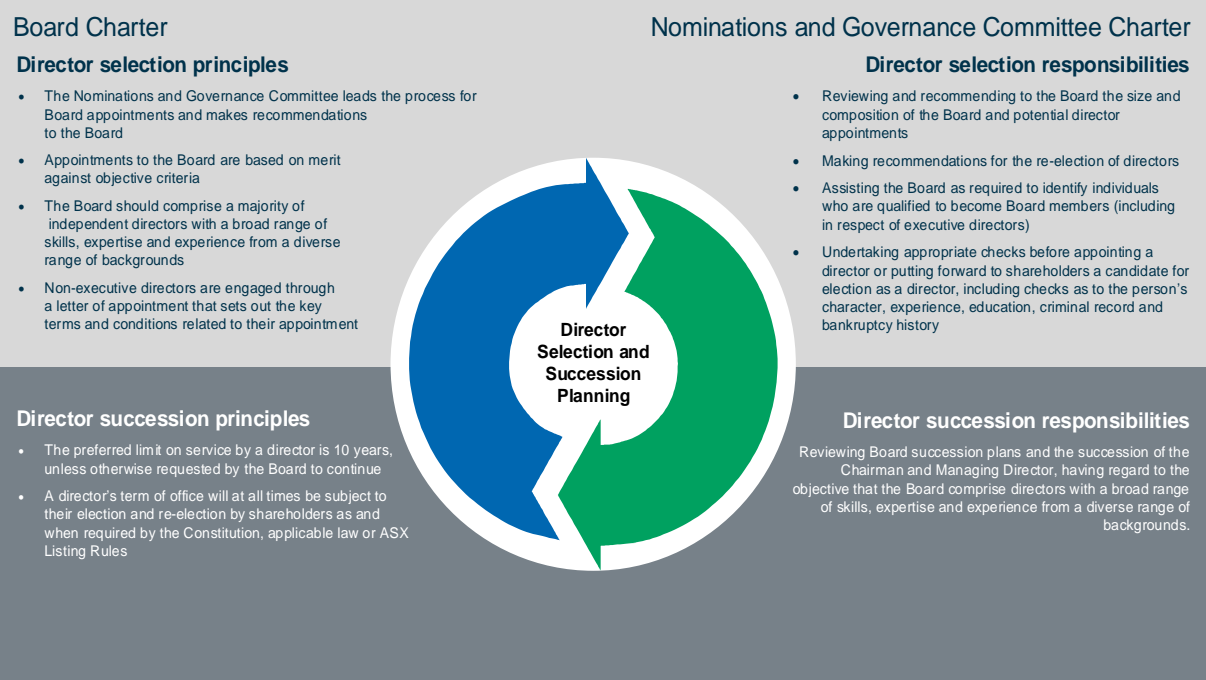

Under the Deed of Indemnity, Insurance and Access, directors have access to inspect the Company’s records which have been prepared during or relate to the director’s tenure or discharge of duties as a director in respect of the Company.

2.9 Director selection and succession planning

The Board renewal process is overseen by the Nominations and Governance Committee and involves regularly reviewing the composition of the Board to ensure that the directors have an appropriate mix of skills, expertise, experience and backgrounds relevant to the management of Iluka.

The Board Charter sets out the overarching principles regarding director selection and succession planning. The Nominations and Governance Committee Charter sets out the key nomination planning principles of the committee, which is responsible for leading the process of Board appointments.

The diagram below demonstrates the director selection and succession planning principles and responsibilities.

2.10 Director appointment, induction and continuing education

All new non-executive directors are required to sign a letter of appointment that sets out the terms and conditions of their appointment including: role and responsibilities; time commitments envisaged; disclosure of interests; minimum shareholding requirements, dealing in Iluka's securities; and the requirement to participate in a performance evaluation process.

It is Iluka's practice to allow its non-executive directors to accept appointments outside of the Company with the prior approval of the Chairman. The commitments of a director are considered by the Board prior to a director's appointment to the Board and regularly reviewed.

The Nominations and Governance Committee is responsible for ensuring new directors are provided with a comprehensive induction programme. The induction programme was reviewed in 2018 and is structured so that the Company Secretary, in consultation with the Chairman, the Managing Director and the new Director, prepares an Induction Programme for the new Director by reference to an Induction Programme Checklist and his or her areas of expertise and interest.

Activities covered in the Induction Programme Checklist include business briefings with the members of the Executive, Senior Managers/Key Personnel, meeting with the Auditors, site visits, country visits, attendance at industry conferences and industry briefings and access to relevant background materials. As the mineral sands industry is complex, many of the briefings focus on providing the new director with information about the mineral sands industry and the way it operates. Activities are predominantly staged throughout the first year of appointment and are intended to be flexible to take into account travel and scheduling commitments of the new Director and Company personnel. Progress with the Induction Programme is reviewed at regular intervals during the first year of appointment and on the conclusion of the first year.

The Board encourages all directors to continue their education and maintain the skills required to discharge their duties effectively by providing professional development opportunities. Iluka meets reasonable costs of continuing director education.

In addition, in conjunction with Board and committee meetings, the Board participated in a number of briefings during 2018, which provided an overview of:

- the organisation or a specific function;
- the market environment in which Iluka operates;
- risks and opportunities for Iluka; and
- regulatory updates.

All members of the Board visited Iluka's operations at Cataby, Eneabba and Narngulu (Western Australia). Some members of the Board visited Sierra Leone, Jacinth Ambrosia (South Australia) and Capel (Western Australia). A site visit to Jacinth Ambrosia (South Australia) for all directors is planned for 2019.

2.11 Board meetings

In 2018, the Board met on 6 occasions. In addition to these formal scheduled meetings, the Board spent a day dedicated to strategic planning and undertook 2 site visits. The Chairman chaired all the meetings. In addition, the non-executive directors meet independent of management to discuss relevant issues at each board meeting.

Directors' attendance at Board and committee meetings during 2018 is detailed below.

3 BOARD COMMITTEES

Relevant policies and charters:

- Audit and Risk Committee Charter
- Nominations and Governance Committee Charter
- People and Performance Committee Charter

The Board has three committees which assist it in the execution of its duties and to ensure important and complex issues are given detailed consideration: Audit and Risk Committee, Nominations and Governance Committee, and People and Performance Committee. Each committee operates under a specific charter approved by the Board, which details their respective roles, duties and membership requirements.

Each committee comprises only independent, non-executive directors. In addition, the Audit and Risk Committee and the People and Performance Committee have an independent chairman who is not the Chairman of the Board.

The primary role of the committees is to make recommendations to the Board on matters set out in their respective charters. The Committees will also make decisions on behalf of the Board where such authority has been expressly delegated by the Board.

Structure and membership of the committees are reviewed periodically.

Committee charters are available on the Governance section of the Company's website.

- the internal and external audit functions;
- the insurance framework;
- treasury, capital management and taxation practices; and
- compliance with applicable legal and regulatory requirements and internal codes of conduct, as requested by the Board.

During the year, the Audit and Risk Committee tendered the external auditor position and reappointed the existing auditor PriceWaterhouseCoopers after an extensive process. The Audit and Risk Committee also considered emerging risks, reviewed the Iluka gap analysis conducted against the Australian Prudential Regulation Authority Inquiry into the Commonwealth Bank of Australia, approved closure of internal audit actions, approved the roll out of risk management software (CGR Foundation) across assets, projects and functions and conducted reviews of the effectiveness of the Group's systems of risk management and internal controls in accordance with the ASX Principles. These reviews included internal audits and risk reviews, and covered a range of areas including financial processes, operational activity, compliance controls and risk assessments. The Group's key risk register (management's assessment of the material business risks facing the Company) has been elevated from the Audit and Risk Committee for

consideration by the Board. The key risk register includes a summary of the controls and improvement actions relating to those risks.

4 PERFORMANCE EVALUATION AND REMUNERATION

Relevant policies and charters:

- Board Charter
- Nominations and Governance Committee Charter
- People and Performance Committee Charter

4.1 Performance evaluation

Each year performance evaluations of the Board and its committees are undertaken. The Nominations and Governance Committee assists the Board in relation to the conduct of performance evaluations and development and implementation of plans for identifying, assessing and enhancing director competencies. External facilitators may be engaged to assist with the review of the Board, its committees and individual directors.

In 2018, the Board, Audit and Risk Committee and People and Performance Committee conducted an annual self-assessment of their performance (including having regard to the performance of individual directors), to identify strengths, weaknesses and areas for improvement. The completed assessments are taken into account by the Board and each respective committee in determining performance improvements for the following year. The Nominations and Governance Committee does not undertake a separate self assessment, reflecting that it comprises all of the non-executive directors of the Company and its performance is appropriately assessed through annual evaluation of the Board.

The People and Performance Committee assist the Board with evaluating the performance of the Managing Director and senior executives. The People and Performance Committee provides feedback regarding the Managing Director's performance to the Chairman of the Board, who conducts the Managing Director's performance review.

Twice yearly, the Managing Director undertakes a review of the performance of each senior executive against individual objectives and deliverables linked to the corporate plan that were agreed at the beginning of the performance period. These personal objectives relate to key areas of performance over which the individual has accountability and influence. The process for conducting these reviews is covered in the Annual Report. The performance reviews of the Managing Director and senior executives were conducted in August and at the end of the performance period in accordance with this process.

4.2 Director and executive remuneration

The People and Performance Committee obtain independent remuneration benchmarking information for comparative purposes. Salary reviews are determined by assessing individual performance and experience, the scope and responsibility of the role and external market conditions. The executive incentive plan outcomes are assessed against the annual scorecard which is set by the Board each year in the context of Iluka's long term corporate plan. The annual scorecard comprises financial, strategic, sustainability and production measures.

In 2018, the People and Performance Committee conducted those reviews in accordance with disclosed processes. Non-executive director and committee fees were increased for the first time since 2011 to reflect market data, directors' workloads and the need to attract and retain high calibre directors with the requisite skills and experience. All senior executives are employed by Iluka under written employment contracts.

Further details about the remuneration structure, remuneration policies and remuneration paid to the directors and senior executives during the reporting period, as well as details of the contractual arrangements with senior executives, are set out in the Annual Report.

5 RISK MANAGEMENT AND INTERNAL CONTROLS

Relevant policies and charters:

- Board Charter
- Audit and Risk Committee Charter
- Risk Management Policy

5.1 Risk management

The Board recognises that the identification and management of risk is fundamental to achieving Iluka's objective: to deliver sustainable value for shareholders.

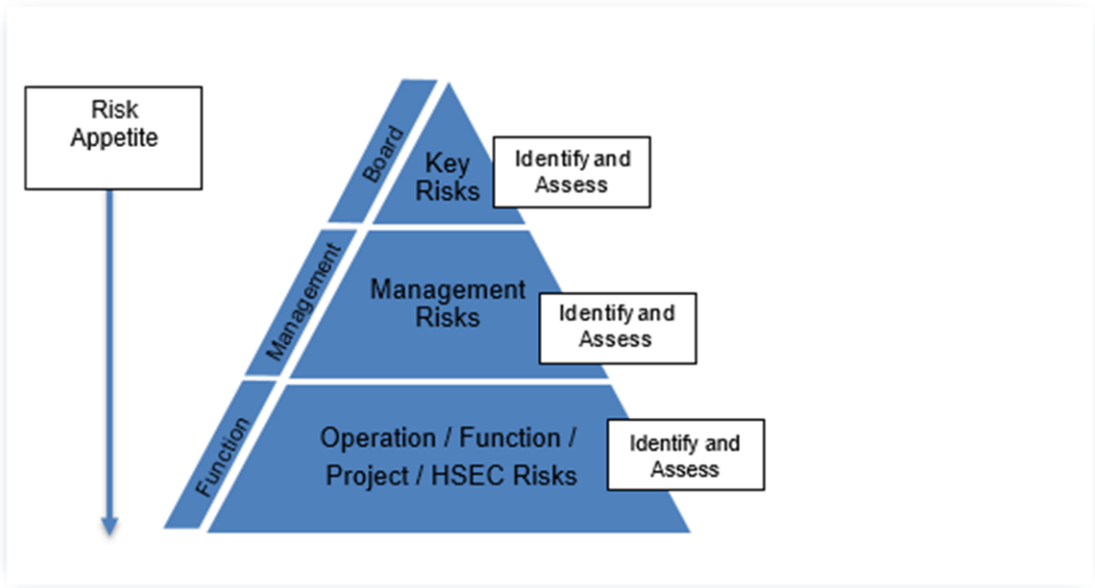

Iluka has a Risk Management Policy which sets out the objectives and performance expectations to managing risk in a proactive and effective manner, and supporting guidance including a Risk Management Framework that defines a 'whole of business' approach to the management of risks which allows both opportunities and threats to be identified and managed effectively.

Iluka has a Risk Appetite Statement which is approved by the Board which outlines what the organisation will and will not do. The Risk Appetite Statement acts as a filter through which Executive and Board decisions are taken within the Iluka Plan.

Through the policy and framework, Iluka seeks to:

- apply a structured and systematic risk management process across the group;
- embed risk management into our business activities and processes;
- ensure specific risks are identified, assessed and managed;
- ensure significant risks are elevated appropriately, through all levels of management to the Board;
- understand our exposure to risk and apply this to our decision making;
- enable prudent risk taking in line with business objectives and strategies;
- establish and monitor appropriate controls in line with agreed risk tolerances;
- implement appropriate insurance strategies; and
- assess regularly the effectiveness of the risk management process and risk controls.

The diagram below sets out the risk hierarchy where risk identification, assessment and reporting are undertaken at all levels of the business:

The Board has overall responsibility for reviewing, approving and overseeing systems of risk management and internal control. This includes reviewing processes to identify the main risks associated with the Company and reviewing processes and systems in place to manage these risks.

The Audit and Risk Committee assists the Board with regard to oversight of Iluka's risk management practices by:

- developing an understanding of key risk areas and the consequences of major risk events;
- gaining assurance as to the adequacy of Iluka's policies and processes for integrating risk management into its operations;
- reviewing and making recommendations to the Board in relation to any incident involving fraud or other material break down of Iluka's internal controls;
- reviewing and reporting to the Board that the Audit and Risk Committee has reviewed Iluka's risk management framework; and
- reviewing the insurance strategy and determining the extent to which it aligns with the risk tolerance of Iluka.

In line with the ASX Principles, Iluka's Risk Management Framework was reviewed in December 2018 by the Audit and Risk Committee. The most recent review also considered the structure and procedures for risk identification and assessment. The committee is satisfied that the framework supports a sound system of risk management and internal control.

A copy of the Risk Management Policy can be found in the Governance section of Iluka's website. Further information outlining Iluka's approach to the management of risks is set out in the Annual Report.

5.2 Internal audit

Iluka has an internal audit function that assists the Board by undertaking an objective evaluation of Iluka's internal control framework. The internal audit function is largely outsourced to an external provider, with some reviews insourced depending on the expertise required. The Business Risk Manager is jointly accountable to the Chief Financial Officer (CFO) and the Audit and Risk Committee, attends Audit and Risk Committee meetings, presents internal audit activities and meets privately with the Audit and Risk Committee on a regular basis to ensure a degree of independence and objectivity to the role.

The Audit and Risk Committee provides oversight to the internal audit function through:

- reviewing the performance of the internal audit function and approving the annual internal audit plan;
- reviewing significant internal audit findings and action taken by management to address these; and
- facilitating a direct line of communication from the risk manager which is independent of management.

When requested by the Board, the Audit and Risk Committee also reviews the processes and internal controls that management have put in place to ensure compliance with laws, regulations and Iluka's policies and internal codes of conduct.

5.3 Material exposure to risks

Disclosure of Iluka's material exposure to, and management of, risks (including economic, environmental and social sustainability risks) and the systems Iluka has in place to manage these risks is included in the Annual Report.

5.4 Managing Director and Chief Financial Officer certifications

Prior to approving the financial statements in respect of each half and full year financial period, the Managing Director and the CFO give a declaration to the Board that:

- in their opinion, Iluka's financial records have been properly maintained and the financial reports comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of Iluka; and
- that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Managing Director and the CFO gave this declaration to the Board for the half year ended 30 June 2018, and the full year ended 31 December 2018.

All reported incidents of non compliance or potential non compliance are taken seriously, reviewed and investigated. Serious incidences are reported to the Managing Director within 24 hours and to the Audit and Risk Committee at its regular meetings.

Iluka's Whistleblower Procedure sets out the mechanism by which staff can confidently, and anonymously if they wish, raise concerns in a responsible manner without fear of discriminatory treatment, recrimination or reprisal, and Iluka's commitment to properly investigate any issues.

Iluka's Whistleblower Procedure was amended in August 2018 having regard to current best practice amongst Australian listed companies and the draft 4th edition of the ASX Corporate Governance Principles & Recommendations. 6.3 Continuous disclosure and communications with shareholders

Iluka is committed to ensuring that shareholders and the market are kept fully and regularly informed of information and major developments concerning Iluka. To achieve this, Iluka has developed a Continuous Disclosure and Market Communications Policy, which establishes procedures to ensure that directors and management fulfil their obligations under the Corporations Act and the ASX Listing Rules in relation to the timely disclosure of price-sensitive information.

The policy establishes and outlines the role of Disclosure Officers who report to the Managing Director on continuous disclosure matters, being the CFO, the Company Secretary, and the General Manager Investor Relations and Commercial Mineral Sands Operations.

The Disclosure Officers are responsible for ensuring that there is an adequate system in place for receiving and considering any potentially market sensitive information which is reported to them, and advising the Managing Director in relation to the disclosure of that information to the ASX where necessary. A review of compliance with the Continuous Disclosure and Market Communications Policy was completed by Internal Audit during 2018. The review confirmed the procedure and controls were aligned with the requirements of the ASX.

Iluka communicates with shareholders through releases to the ASX, Iluka's website, information distributed direct to shareholders and the general meetings of shareholders. To ensure that security holders have the opportunity to participate at meetings of members:

The Board believes it is in the best interests of shareholders for directors and employees to own shares in Iluka, subject to strict controls and guidelines on share trading.

Iluka has in place a Securities Trading Policy that applies to Iluka's directors and employees (and their "connected persons"). The policy prohibits directors and employees from trading in Iluka's securities if they are in possession of price-sensitive information that is not generally available to the market. It also prohibits dealings by directors and certain employees during defined "closed periods" except where clearance has been granted for exceptional circumstances or the dealing falls within an excluded category under the policy.
